

# FUNDRAISE FOR CITYKIDZ

## Who You Support

CityKidz serves over 800 children and youth in grades 1 - 12, along with their families, in Hamilton, Ontario. We focus on neighbourhoods experiencing the highest levels of need and the fewest available resources. Many caregivers describe CityKidz as a lifeline, not just a program, but often, the only dependable space in their child's life. For many families, CityKidz is the only place their child feels safe. It's the foundation of weekly routine, social interaction and emotional well-being.
